Locked estimate	Spent so far	Remaining
$0.00	$0.00	$0.00

Lifecycle Steps

- **Industry Context Briefing** — Align on objectives, refine the growth analysis goal, identify KPIs, and confirm the data elements needed to answer the business questions. — Business Agent
- **Data Health Check** — Evaluate data completeness, recency, and retail-specific quality thresholds, documenting any missing required fields. — Data Engineer
- **KPI Modeling & Cohort Analysis** — Model revenue, basket size, and retention cohorts using specialized templates. — Technical Ai Agent
- **Visual Story Crafting** — Create executive dashboards and specify visualization layouts aligned with the confirmed goals, segments, and campaign impact. — Technical Ai Agent
- **Recommendation Roundtable** — Facilitate cross-agent review and finalize executive recommendations. — Project Manager
- **Executive Package Delivery** — Deliver packaged findings with prioritized actions, ROI projections, and a downloadable PDF summary for executive stakeholders. — Business Agent
